

ALVASTON INFANT AND NURSERY SCHOOL

ACCESSIBILITY PLAN 2019-2021

Physical Environment

Alvaston Infant and Nursery School is a single storey building with relatively wide corridors and several access points from outside.

The land upon which the school and nursery are built is flat. All access points are level, thereby ensuring easy access for wheelchair users. Main doors into the school and nursery buildings are wide and accessible for wheelchair users. Doors within the main school corridor are also wide to enable access to wheelchair users. The school has internal emergency signage and emergency lighting. All escape routes are clearly marked.

There are two disabled toilets within the main school building and disabled toilets in both nursery, all with handrails and emergency pull cords. The disabled toilet near the hall has a hoist and lift, which is serviced as necessary.

Onsite parking for staff and visitors is available close to the main entrances into school and nursery, this includes parking for visitors with a disability.

Curriculum

Improving teaching and learning is at the heart of the school's work. The school follows the National Curriculum and the Early Years Foundation Stage Curriculum. Through self-evaluation and continuous professional development (CPD), we aim to enhance staff knowledge, skills and understanding to promote outstanding teaching and learning for all children. We aim to meet every child's needs within mixed ability inclusive classes. Additional adult support and/or specific resources are used to enable pupils with additional needs to fully access the curriculum.

It is a core value of the school that all pupils are enabled to participate fully in the broader life of the school, including participation in after school clubs and educational trips/visits. Where appropriate, external advice and guidance is sought; e.g. through discussion with the educational psychologist, speech and language therapists, occupational therapist, etc.

Information

Information about the school is generally in a written format. This can be provided in larger print if requested, or a member of staff will go through the information with a parent/carer on a one-to-one basis. Information can also be accessed on the school website and/or through Class Dojo.

Management, co-ordination and implementation

The governors and the Senior Leadership Team (including the SENCO) will consult with outside agencies and the Local Authority if and when new situations regarding children with disabilities arise.
