

AN EXCITING OPPORTUNITY HAS ARISEN
FOR OUR SCHOOL TO WORK WITH A
SCHOOL IN KENYA!

MISS ALLEN, MRS DOHERTY AND MR
HEESOM WILL BE GOING OVER TO TEACH
CHILDREN IN AFRICA FOR 2 WEEKS IN
MAY!

Please turn over to read all about how this opportunity will enhance the education for our children as well as changing the lives of children who are not as privileged.

WHAT WILL ALL OF THIS INVOLVE?

Check out what we will be doing here:
https://youtu.be/tfp-Yk3_oTg

Educating children at Alvaston Infant and Nursery School about the trip and gathering ideas around what should be taken and what should be planned for the children in Africa.

Raising money by attending and supporting various different events so that the trip and activities can go ahead. If the trip does not go ahead due to COVID, the money will be stored safely until it can commence.

Live question and answer sessions (streamed from Kenya) in May half term.

Introducing children at Alvaston Infant and Nursery School to children in the Kenyan School - allowing them to ask questions and learn all about their way of life.

Live video streams / assemblies for all children at Alvaston Infant and Nursery School, whilst they are at school

The children at Alvaston Infant and Nursery School are predominantly from a White British Background and we believe it is imperative to educate children about different cultures and different ways of life. The links we will establish with the Kenyan school will allow our children and families to experience and learn about other ways of life. This will involve a whole school topic on Kenya and the whole school engaging with the activities that we have planned.
