Can you paint a ladybird or even use salt dough to create a

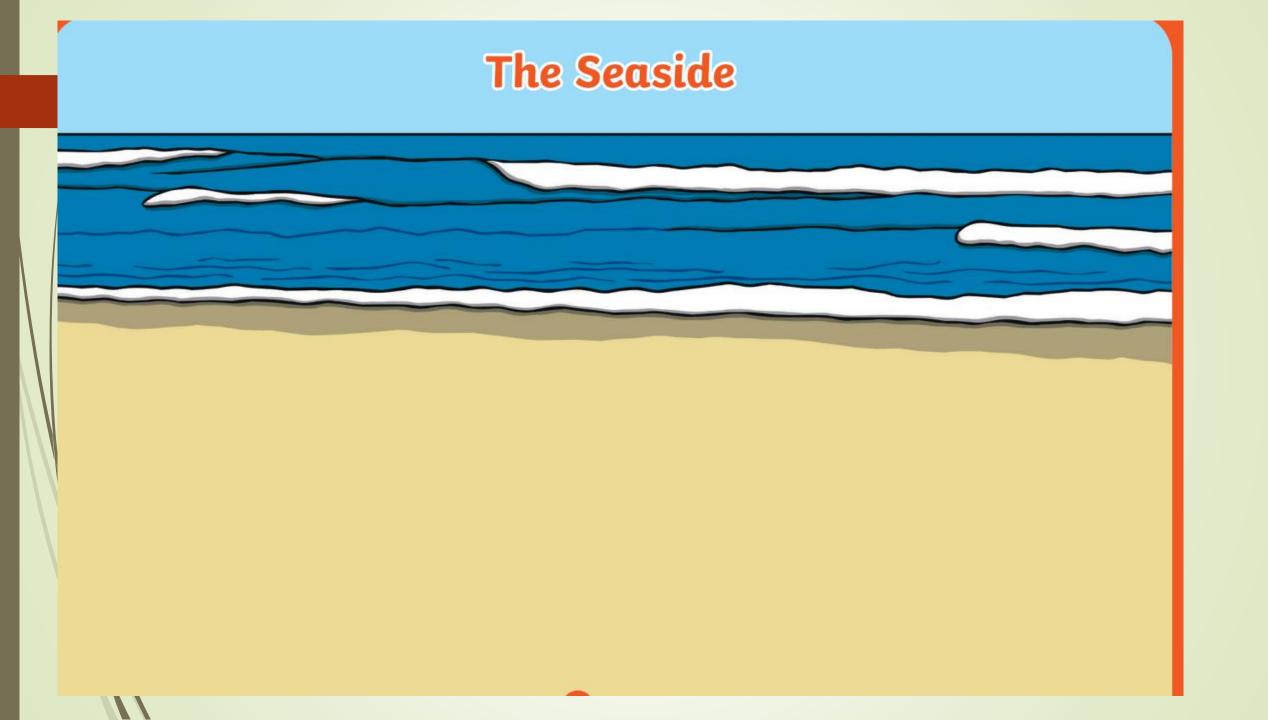

ladybird and then paint it?

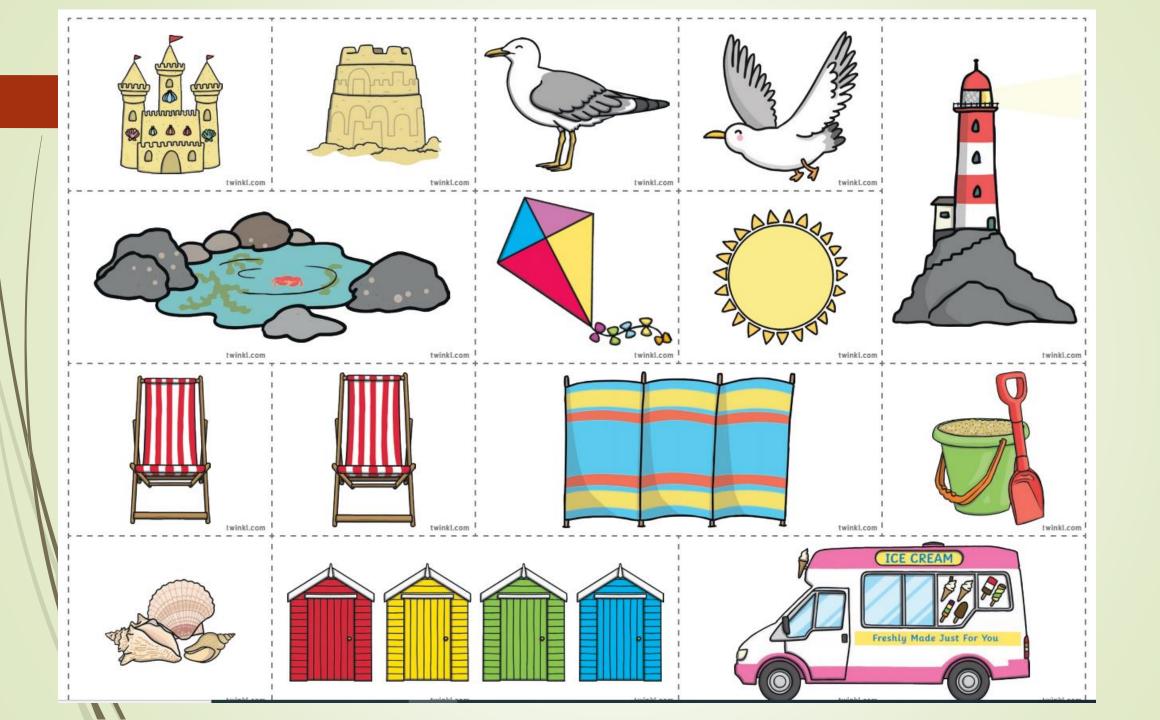

Making salt dough is a really fun and easy activity for kids and the chances are you will have all of the ingredients in the cupboard ready to go on a rainy day. Children will love using their imaginations to create all sorts of exciting objects (although simple shapes do seem to work best) and hours of fun painting their creations, but do take care to remind little ones that the salt dough is not edible.

Makes 1 ball
Prep 10 minutes
Cook 3 hours

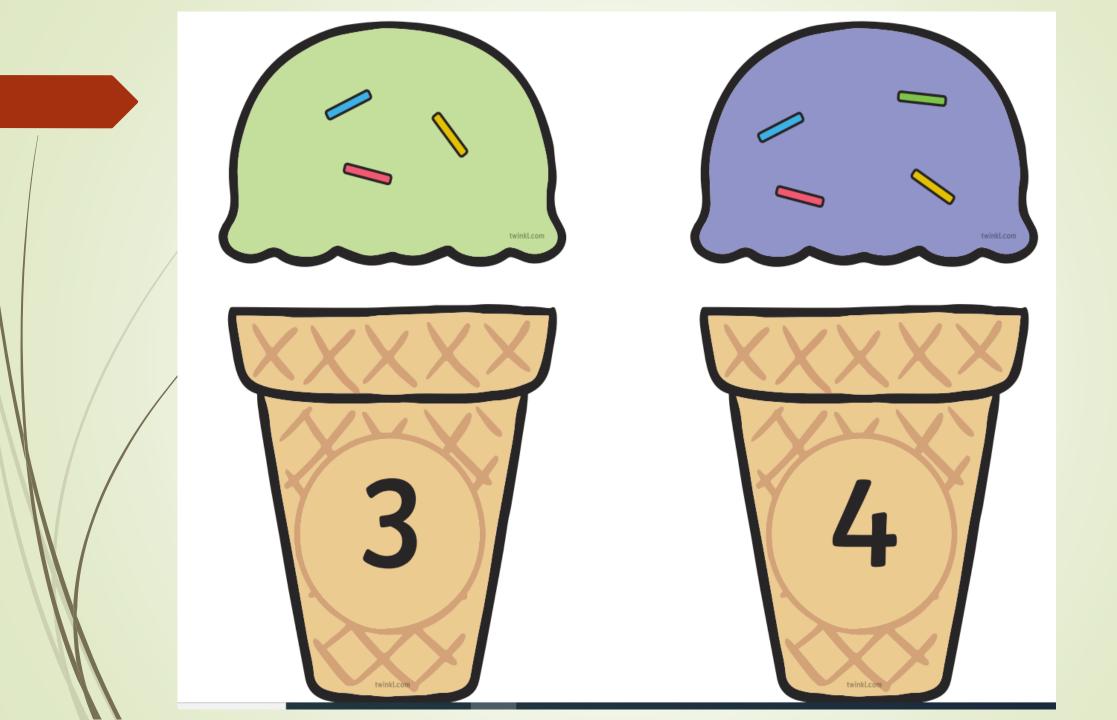

- 1 cupful of plain flour (about 250g)
- half a cupful of table salt (about 125g)
- half a cupful of water (about 125ml)

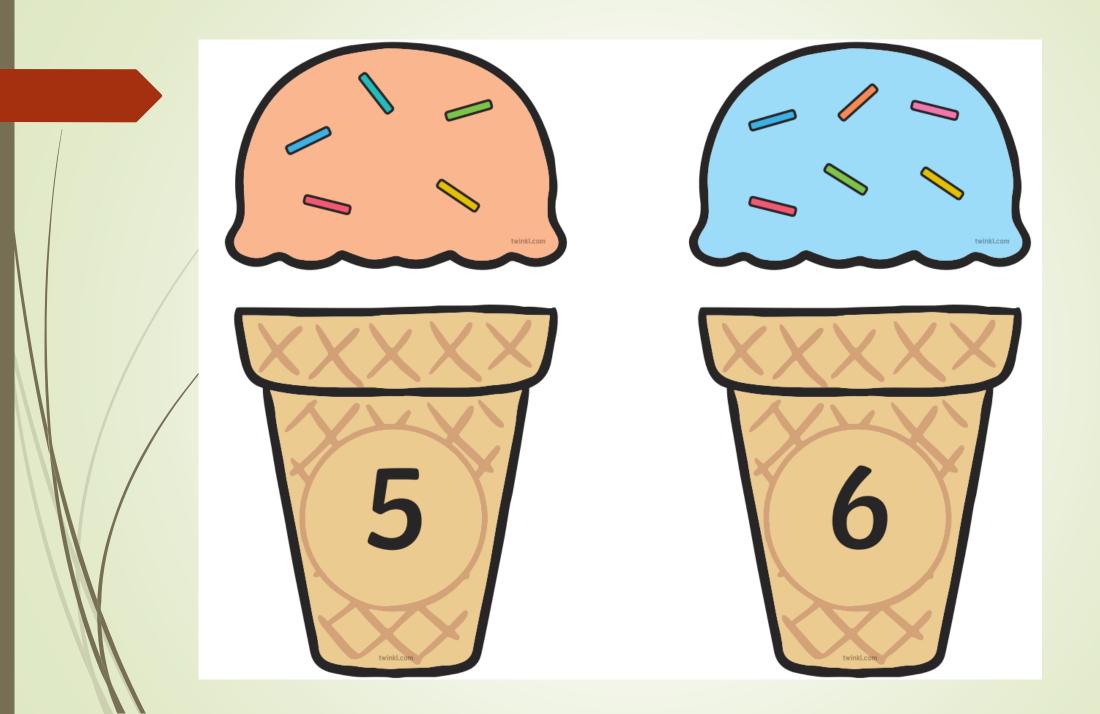

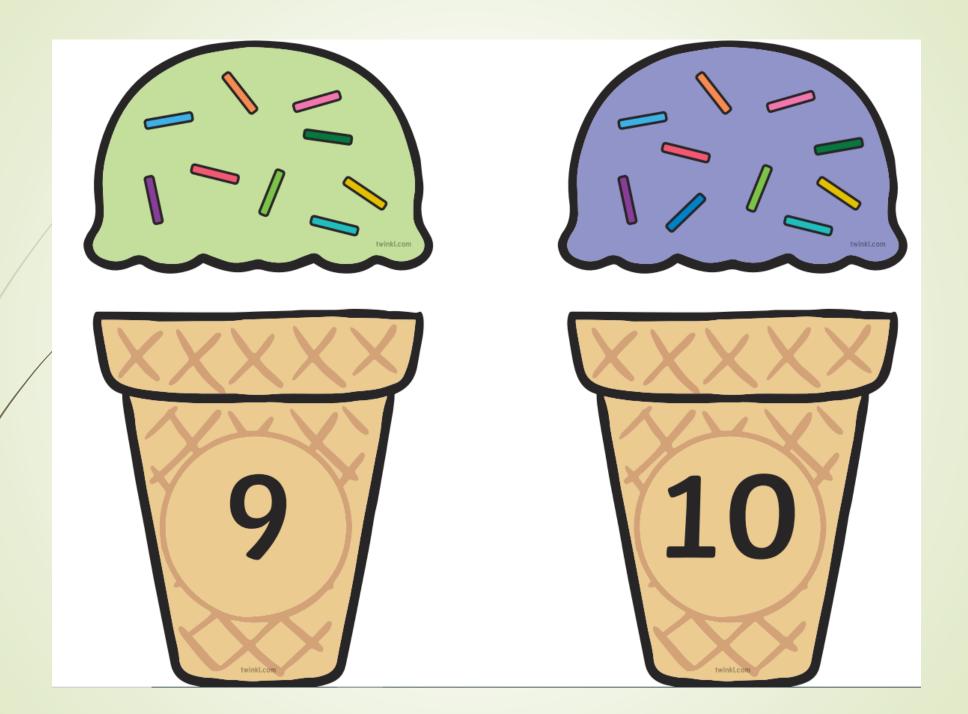

We would love to see what you are doing at home and to give you Dojos.

Please keep in touch and let us know if you need anything.

Take care, Miss Sheldrick
